

TOHOKU
UNIVERSITY

The 7th Symposium for Core Research Clusters for
Materials Science and Spintronics
and
The 6th Symposium on International Joint Graduate
Programs in Materials Science and Spintronics
November 28 - December 1, 2023

Best Poster Award

is presented to

Kazuaki Ishibashi

for the poster entitled

**“Photon-to-electron spin conversion probed by transient
terahertz emission in platinum thin films”**

Presented by
Core Research Cluster for Materials Science
Center for Science and Innovation in Spintronics
International Joint Graduate Program in Materials Science
Graduate Program in Spintronics

KOTANI Motoko
Director, Core Research Cluster
for Materials Science Tohoku University

FUKAMI Shunsuke
Director, Center for Science and Innovation in
Spintronics Tohoku University

OIKAWA Katsunari
Program Director, International Joint Graduate
Program in Materials Science Tohoku University

SATO Takafumi
Program Coordinator, Graduate Program in
Spintronics Tohoku University
