

Recruitment Program of Global experts by Chinese Government

Chinese government has just announced the result of the first selection series of "Recruitment Program of Global Experts" which provides governmental strong support to the thousand young researchers who have worked overseas.

Out of 152 researchers' name announced this time, there are 2 AIMR related scientists -- Dr Limei Xu (No. 13 in the list), Assistant Professor of Tokuyama's lab and Deng Pan (No. 103 in the list) who used to work in Prof Chen's lab as Assistant Professor. This shows high contribution of AIMR to global brain circulation.
